- If you have **already** cut your Y units as  $384 - 1 \frac{1}{4}$ " squares, please construct your Block 7s as directed below.
- If you **have not** cut your Y units, please cut them as  $192 - 2" \times 1 \frac{1}{4}"$  rectangles and construct them as directed in the pattern.

### Block 7 - Make 96.

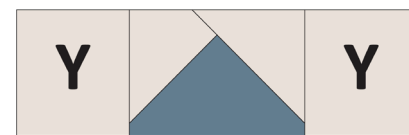

1. Draw a diagonal line on the wrong side of  $384 - Y$  squares.
2. Pin a Y square from step 1 RST to the left side of a Q rectangle. Stitch on the drawn line, trim, and press towards Q. **Make 192.**

3. Place an additional Y square from step 1 RST to the right side of a Q rectangle. Stitch on the drawn line, trim, and press. **Make 192.**

4. Attach Y squares to the L/R of a unit from step 3. **Make 192.**
